

WHITING —and its— PEOPLE

The pupils of the Whiting Junior high school have recently worked out two project lessons: One in history and one in civics. They have prepared to

present this work to the parents and friends of the school on next Monday evening, Dec. 13 at 7:30 sharp in the auditorium of the high school. You are most cordially invited. Come and find out what makes for "Success" in life.

The members of the Whiting Masonic order entertained their families and friends at an unusually pleasant gathering on Wednesday evening at the Community Center. The affair began with the rendition of a program which consisted of a number of fine selections by the recently reorganized Masonic band, and two well received readings by Mrs. John McNeill, Thomas West, a Chicago vaudeville man, was on hand, and amused the large gathering with his jokes and sketches and pleased them with his musical selections. The entertainment was followed by dancing, for which music was furnished by Sterling. Refreshments consisting of sandwiches and coffee, pickles, ice cream, cake and lemonade were served freely, so that everyone surely had plenty to eat and plenty of fun.

Now is the time to buy the December mid-month and January Columbia Records, on sale today at Sam Aronberg's, Whiting. 12-10-19

DEPUTY REFUSES TO CUT DOWN SUICIDE

CLEVELAND, O., Dec. 9.—Fred Dur-

kin of Syracuse, N. Y., hanged himself in the county jail here today and died because a deputy sheriff refused to open the cell door and cut him down, according to charges made by Dep. U. S. Marshal Bartley and city policemen.

City police officers saw Durkin writhing in the cell suspended by a belt. They called the deputy to come and open the door, but he refused, they said, until he had orders from the sheriff. Durkin was dead when cut down.

Stop-See these Xmas phonographs

YOU never saw more exquisite cabinets.

The world has never produced any more exquisite cabinets.

These cabinets are descended out of the Golden Age of Furniture.

This was the age when Europe built its most luxurious palaces, created its greatest works of art, developed its finest types of craftsmanship.

Mr. Edison's designers went back to the furniture masterpieces

of this period. They adapted 17 of them for the modern American home. They made every Edison Cabinet a period cabinet—even the least expensive.

You must see these cabinets. Only then will you appreciate what wonderful richness and atmosphere one will add to your home.

Ask about our Xmas Budget Plan. It manages your money economically. It makes 1921 help pay; and that's good business.

A Word About Prices

In 1914, as you can ascertain through practically any investment banker, the Edison Laboratories were selling phonographs on a narrower margin of profit than the other manufacturers. Since 1914, the price of the New Edison has advanced less than 15%—and a portion of this is war tax. "Edison stood the gaff" to keep his favorite invention within the reach of everyone.
